Professional Summary

Computer Science student and freelance web developer with hands-on experience in full-stack development, network management, and hardware troubleshooting. Cisco-certified in Cybersecurity, Networking, Electronics, and Hardware. Passionate about building responsive, animated websites and solving complex technical challenges with precision and creativity.

Experience

Freelance Web Developer

Various Clients – Nairobi, Kenya

Jan 2023 – Present

- Designed and deployed custom websites tailored to client branding and functionality goals

- Built responsive interfaces using ReactJS, HTML, CSS, and JavaScript

- Integrated APIs and back-end logic for dynamic content

- Delivered polished UI/UX with reusable components and scalable styling

- Provided post-launch support and client training

- Projects included portfolios, business sites, and interactive landing pages

Freelance Web Developer

Private Client Project – Nairobi, Kenya

Jan 2025 – Apr 2025

- Developed a visually engaging website with scroll-triggered animations and custom UI components

- Ensured cross-browser compatibility and optimized performance

- Deployed site via Netlify/Vercel/GitHub Pages and provided ongoing support

IT Intern
Laikipia University – Nyahururu, Kenya
May 2025 – Aug 2025

- Assembled/disassembled computers and resolved hardware issues

- Managed network setups including router/switch configuration and IP assignment

- Troubleshot DNS, cable faults, and device conflicts

- Documented procedures and collaborated with senior IT staff on lab upgrades

---

Education

Laikipia University
Nyahururu, Kenya
BSc. Computer Science | Expected Dec 2027

- Cisco Certifications: Cybersecurity, Networking, Electronics, Hardware

- Completed internal IT attachment with hands-on troubleshooting and network management

- Strong performance in: Data Structures, Computer Networks, Software Engineering, Operating Systems

- Built multiple client websites and interactive portfolio projects

- Adapted to cloud IDE challenges with creative problem-solving

St. John School, Kanunga
Kiambu, Kenya
KCSE | Dec 2022

- Grade: B Plain

- Strong performance in Mathematics and Sciences

Wanjo Primary School
Kiambu, Kenya
KCPE | Nov 2018

- Score: 365 Marks

- Strong performance in Mathematics, English, and Science

Achievements

- Built and deployed multiple client websites with advanced UI/UX features and animations

- Completed internal IT attachment applying academic knowledge to real-world challenges

- Earned four Cisco Certifications in Cybersecurity, Networking, Electronics, and Hardware

- Developed a modular ReactJS portfolio with scroll-triggered animations and typewriter effects

- Adapted to platform limitations (e.g., CodeSandbox DNS issues) with creative troubleshooting

- Recognized for precision in CSS layout structuring and animation layering

---
